Arabic

Nexus Arabic, a leader in developing engaging and diversified Arabic content, created over 900 activities* for Pre-A1 and A1 Arabic learners utilizing our SmartClass Teaching Platform.

*Intermediate and advanced levels to follow.

NEXUS LEARN ARABIC

The curriculum follows a unique approach to Arabic learning by including:

- Focus on communicative skills
- Gradual and planned repetition of skills
- Assessment
- Visual Glossary at the end of each unit
- High quality media to attract learners

Teachers are able to access the activities through our SmartClass Teaching Platform and assign them to their students for in-class practice, review, or homework.

Animated videos, calligraphy lessons, and interactive self-study activities for homework will engage your students and increase their understanding of the Arabic language.

English

SmartClass English is a spiraling digital **ELL curriculum** series designed for ESL teachers and directly integrated into our Teaching Platform. Ideal for ESL/EFL learners and covering A1-C2 levels (beginner through advanced).

Available levels:
Beginner A1
Elementary A2
Intermediate B1
Upper-Intermediate B2
Advanced Writing Focus C1/C2

Our digitized curriculum enables students to improve the core English language function skills:

- Reading
- Listening
- Writing
- Speaking

Optional student book includes conversation worksheets, vocabulary translation sheets, readings, game sheets, and grammar charts with QR codes to access grammar videos.

A completely web-based platform, accessible on any student device.

A perfect tool to help your students prep for TOEFL, TOEIC, IELTS, and Global Seal of Biliteracy Assessments.

Language Lab

Our Language Lab solution enables students to practice their **productive skills** autonomously, collaboratively, or one-on-one with their teacher.
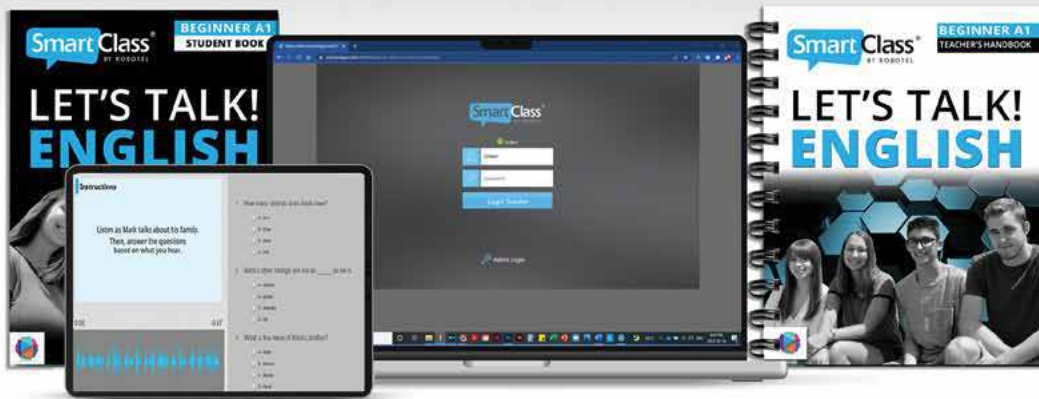

Language Lab Advantages:

- Increase speaking practice with pairing and grouping
- Teachers have full control with live monitoring and screen sharing
- Simultaneous recording and testing of students
- Fully integrated with our Teaching Platform as an all-in-one solution
- Save time with integrated curricula and pre-loadable language courses
- Crystal clear sound with quality audio intercom and headsets

Wireless or installed options available.
A perfect tool to help your students prep for TOEFL, TOEIC, IELTS, and Global Seal of Biliteracy Assessments.

Placement Test

The **SmartClass Placement Test** is a 45-minute test designed to determine the level of students' understanding of English. This allows teachers to place students into the corresponding level of our **English curriculum**.

The placement test includes multiple choice, sentence jumble, and word jumble activities to assess students' skills from levels A1-B2.

Benefits of the SmartClass Placement Test:

- Correctly identify the level of instruction for English Language Learners when using our English curriculum.
- Determine which materials to use for which group of students.
- It takes the guessing game out of placing your students into levels you think they belong in.

SmartClass® | Tahaluf

Teaching Platform

An all-in-one digital language teaching platform **for all languages** where teachers can create, assign, and (auto) grade with 19 different activity templates.

SmartClass Advantages:

- Already created content with structured courses
- Offer more speaking practice time at school and at home
- Monitor and measure student growth
- Significantly increase students' overall language skills

How it works:

1.

Create, modify, or choose pre-loaded activities

2.

Assign activities to students

3.

Review and grade

A completely web-based platform, accessible on any student device.
A perfect tool to help your students prep for TOEFL, TOEIC, IELTS, and Global Seal of Biliteracy Assessments.
